

On A Balcony
Okkervil River

[Verse]

G **C**
Misty, when you want to hit those wedding bells,
Am **G** **C**
you should stop yourself. You should see yourself angry.
G **C**
Screaming to the ceiling, girl, you look like hell.
Am **C**
But when riding pills we get heavenly,
G **C** **Am C**
on a balcony.

[Verse]

G **C**
And baby s not a wreck on the wayside yet,
Am **G** **C**
although she stuck out her neck to see how dark she could take it.
G **C**
The wind is wild. Why, the spray is wet!
Am **C**
And a heart gets high as a heart can get,

[Chorus]

G **C** **Am C**
on a balcony,
G **C** **Am C**
high above the sea.

[Verse]

G **C**
You are the woman, on some Firefall.
Am **G** **C**
Do you wanna ball on that brilliant beach?
G **C**
So hard I thought I hear my future daughter call
Am **C**
through the static wall of a flashing dream.

[Bridge]

Am **F**
And it s a wild, weaving ride to the sea.
G **C**
Little demon, believe it from me.

[Instrumental]

[Verse]

[Verse]

[Chorus]

[Outro]

I hear you call from a balcony.

And I like the way you say it.
