Tune down one whole step.

Am

The new kid, he's got money

Am

The money I deserve

F **C** **E**
He's got the goods but he's not good for his word

Am

I should be rolling in it

Am

I've been a working stiff

F **C** **E**
As for the justice no one knows where it went

Chorus

Am

I'm gonna toil away

F

Until my judgment day

C **E**
I will be rewarded for the good things I did

Am

Believe me every year

F

There is another one here

C **E**

Donâ€™t you see I used to be the new kid

Am

I am sorry to say

F

Youâ€™ll get carried away

Oh

C

You will be replaced

E

You will be replaced

Am

I tell you again

F

Donâ€™t get too settled in

Oh

C

You will be replaced

E

You will be replaced

(by the new kid)

Verse 2

The new kid, heâ€™s got my girl

The girl I used to have

Heâ€™s got the looks you know, but not from his dad

I should be kissing that girl

We should be so in love

There is no justice

Thereâ€™s just dark stars above
