Well ol joe woke up at quarter to five

Cause the girls need milkin lest they go dry
Am F C
He d done it for 45 years so it was no suprise
Am G C
Til he walked outside to see his heart up in the sky
Am F C
It shined like a quarter in a babys hand
Am F C
On the fourth of july near the rio grande
Am F C
It shined like a diamond in a jar of sand
Am G C
And it made joes poor field look like it was born again

F G C
I put my heart up in this sky
F G C
I pushed it way up high
F G Am F C G C
I just wondered what the people d do if they seen my heart up there in the blue
F G C
I put my heart up in the sky
F G C
And cant really tell you why
F G Am F C G C
I just wondered what the people d do if they seen my heart up there in the blue

Well he reached for his heart, liked to had a stroke
 Called for his wife who thought it was just some sort of joke
 Like when he called the preacher up cause the hens laid triple yokes
 But up in the sky was a heart that was taller than an oak
 Forty feet up and it was ten feet wide
 Was pumpin like a mad man swept up in a tide
 And when his wife she came out from the inside
 She fell to her knees and she almost died

I put my heart up in this sky
 I pushed it way up high
 I just wondered what the people d do if they seen my heart up there in the blue
 I put my heart up in the sky
 And cant really tell you why
 I just wondered what the people d do if they seen my heart up there in the blue

They had a doctor called in from town
 He showed up in a chevy with a black bag and a frown
 Said theres nothing you could do to bring that heart back down
 Cause Its a healthy heart that ol joe found

I put my heart up in this sky
 I pushed it way up high
 I just wondered what the people d do if they seen my heart up there in the blue
 I put my heart up in the sky
 And cant really tell you why
 I just wondered what the people d do if they seen my heart up there in the blue
