I just wondered what the people d do if they seen my heart up there in the blue

Well he reached for his heart, liked to had a stroke
Called for his wife who thought it was just some sort of joke
Like when he called the preacher up cause the hens laid triple yokes
But up in the sky was a heart that was taller than an oak
Forty feet up and it was ten feet wide
Was pumpin like a mad man swept up in a tide
And when his wife she came out from the inside
She fell to her knees and she almost died

I put my heart up in this sky
I pushed it way up high
I just wondered what the people d do if they seen my heart up there in the blue
I put my heart up in the sky
And cant really tell you why

I just wondered what the people d do if they seen my heart up there in the blue

They had a doctor called in from town
He showed up in a chevy with a black bag and a frown
Said theres nothing you could do to bring that heart back down
Cause Its a healthy heart that ol joe found

I put my heart up in this sky
I pushed it way up high
I just wondered what the people d do if they seen my heart up there in the blue
I put my heart up in the sky
And cant really tell you why
