Old Man Luedecke - Kingdom Come

C
I rode a long way on a one trick pony
F **C**
I broke faces that were cold and stony

And in the evening when the night meets the glow
F **C**
Like a pigeon, my heart goes homing
G **C**
I have been subject to change
G **C**
Not what Iâ€™d rearrange

F **C G**
I never flock with those with fancy feathers
F **C** **G**
Iâ€™ve met all my friends in unfair weather

Chorus:

F **C**
G
I ll belong when the kingdom come, when the kingdom come
I ll belong when the kingdom come, when the kingdom come
I ll belong when the kingdom come, when the kingdom come
Kingdom come oh oh oh
Kingdom come oh oh oh

I was crying in the wilderness
Itâ€™s a pretty good place to build a home I guess
And I know the baby born in Bethlehem
I saw the star that brought the wise men unto him
The sun s light grows by my cottage door
Itâ€™s grown 12 feet or maybe more

Face to the sun and wanting more
Like a lion without a roar

Chorus

Who will hear of my offering
If only stars are allowed to sing
I believe in the small and the free
As I gazed from the heights that are withering
May golden dour come along
Let my heart be filled with song

I never flock with those with fancy feathers
I ve met all my friends in unfair weather

Chorus
