

Horrible

Oliver Pinder

G, Em, C

I can't believe all we have done she sides with him
I can't see in all of the world who I am
But I will always know I'm better than him

I will know it's delirious when she's with him
I will know it is horrible because she loves him
I may be a superstar when I'm 15
But how should I know I'm not with her

When I tell the world what I have done
Yes I can be bad but I'm good at somethings
You may see me as the devil, but I'm not

I will know it's delirious when she's with him
I will know it is horrible because she loves him
I may be a superstar when I'm 15
But how should I know I'm not with her
I will know it is horrible because she loves him, more than me
