**F**                    **C**            **G**  
You walked into my life  
                                 **Am**  
The night I came home from London  
**F**                    **C**                    **G**  
Wearing your typical curious eyes  
**F**                    **C**                    **G**  
It didn t take a lot of time  
                                 **Am**                    **F**  
For you to open up and I  
                                 **C**                                    **G**  
Was looking to keep you for the night  
**F**                                    **G**  
So we caught a cab home  
                         **C**                    **C/B**            **Am**  
A little drunk and finally alone  
          **F**                                    **G**                    **G/F**  
We didn t do much talking til we woke

And you said

**C**  
Tell me, tell me  
**G**                                    **Am**  
Something about you I don t know how I  
          **F**

Was ever living without you

**C**

Take me, take me

**G**

**Am**

Somewhere far away and never look back

**F**

**G**

**C**

**C/B Am F C**

But I thought you were falling way too fast

**F C G Am**

We were young so we kept it up for a couple of months

**F**

**C**

**G**

**Am**

I developed a bad habit of taking advantage of your love

**F**

**C**

You got left out, pushed down

**G**

**Am**

And when you fell I didn't pick you up

**F**

**C**

**G**

I guess I've never cared quite enough

**F**

**G**

Well it came time to make the call,

**C**

**C/B**

**Am**

But it was not your fault

**F**

**G**

**G/F**

I was bored and I'm as stupid as they come

When you said

**C**

Tell me, tell me

**G Am**

Something about you I don't know how I

**F**

Was ever living without you

**C**

Take me, take me

**G**

**Am**

Somewhere far away and never look back

**F G C G Am F G**

I thought you were falling way too fast

**Am**

**F**

I'm sure that it came as a big surprise

**G**

I still can't say why

**C**

**G**

**Am**

Despite the ocean in your eyes,

**G**

**F**

I had to wave goodbye

**G**

To the days when you d say

**C**

Tell me, tell me

**G**

**Am**

Something about you I don t know how I

**F**

Was ever living without you

**C**

Take me, take me

**G**

**Am**

**F**

**G**

Somewhere far away and never look back

And you said

**C**

Tell me, tell me

**G**

**Am**

Something about you I don t know how I

**F**

Was ever living without you

**C**

Take me, take me

**G**

**Am**

Somewhere far away and never look back

**F**

But I ve been through it in the past

**G**

And these things never last

**F**

I m sorry you got hurt

**G**

**G/F**

**C**

**C/B**

**Am**

**F**

**C**

But you had fallen way too fast
