Capo 3er traste

G
   I got my driver?s license last week
                                  Em
Just like we always talked about

 Cause you were so excited for me
                             C
To finally drive up to your house

But today I drove through the suburbs
                           G
Crying cause you weren t around

G
   And you re probably with that blonde girl

Who always made me doubt
Em
    She s so much older than me

She s everything I m insecure about
         C
Yeah, today I drove through the suburbs
                                    G
 Cause how could I ever love someone else?

   C
And I know we weren t perfect
                              G
But I ve never felt this way for no one
   C
And I just can t imagine how you could be so okay
        G
Now that I m gone

     Em   **D**   **G**   **D/B**   **C**
Guess you didn t mean what you wrote in that song about me
      C   **D**   **G**
 Cause you said forever, now I drive alone past your street

[Segunda Parte]

G
   And all my friends are tired

Of hearing how much I miss you, but
Em
    I kinda feel sorry for them

 Cause they ll never know you the way that I do, yeah
  C
Today I drove through the suburbs
                              G
And pictured I was driving home to you

    C
And I know we weren t perfect but
                       G
But I ve never felt this way for no one, oh-oh
    C
And I just can t imagine how you could be so okay
       G
Now that I m gone

      Em   **D**   **G**   **D/B**   **C**
I guess you didn t mean what you wrote in that song about me
      C   **D**   **G**
 Cause you said forever, now I drive alone past your street

Em
Red lights, stop signs
C   **G**
I still see your face in the white cars, front yards
D   **Em**
Can t drive past the places we used to go to
      C   **G**
 Cause I still fuckin love you, babe
    D
Oooooooooh

Em
Sidewalks we crossed
C   **G**
I still hear your voice in the traffic
           D
We re laughing over all the noise
        Em
God I m so blue, know we re through
    C   **G**
But I still fuckin love you, babe
     D
Oooooooooh

C
I know we weren t perfect
                         G
But I ve never felt this way for no one

```
      C
And I just can t imagine how you could be so okay
         G
Now that I m gone
       Em          D             G             D       C
 Cause you didn t mean what you wrote in that song about me
         C                      D                 G
 Cause you said forever, now I drive alone past your street
         C                      D             G
Yeah, you said forever, now I drive alone past your street
