

Nuclear Apocalypse Love Song

Ollie MN

The original video has a capo. My version does not. If you want to do it exactly as is in the video, you're welcome to suggest it, but this is the best I've got.

A **C#m** **F#m**
Oh, they say Mr. Trump's gonna blow up the world
F#m
and if that's true
D **A**
At least I spent the dying days of earth with you

A **C#** **F#m** **F#m**
Everything I've ever known will be dust in a week or two
D **A**
So thank God I finally found something to lose

D
Oh, if Donald sends those nukes
A
we'll die tragically young
D
And you'll still be in that phase of thinking
A
all my flaws are fun

D
Oh, if Donald sends those nukes
Bm
at least I can guarantee
F#m **E**
that we'll both be dead before you get
Bm
sick
D
of me!»;
