Dear Darlin'
Olly Murs

Intro: **Cm**

Cm   **Bb**
 Dear darlin , please excuse my writing
                                Fm
 And I can t stop my hands from shaking
                              Cm
  Cause I m cold and alone tonight

Cm   **Bb**
 I miss you and nothing hurts like no you
                                    Fm
 And no one understands what we went through
                              Cm
 It was short, it was sweet, we tried

         G#
 And if my words break through the wall
     Bb
 And meet you at your door

                 G#   **Bb**   **Bb4**
 All I can say is Girl, I mean them all

Eb   **Bb/C#**
 Dear darlin , please excuse my writing
                            Cm
 I can t stop my hands from shaking
                       G#
  Cause I m cold and alone tonight

Eb   **Bb/C#**
 I miss you and nothing hurts like no you

                              Cm
 And no one understands what we went through
                                G#
 It was short, it was sweet, we tried
                 G#
 We tried
                                    Bb   **Bb4**
 (I understand where he s coming from)

       Cm   **Bb**
 Been thinking about the bar we drank in
                              Fm
 Feeling like the sofa was sinking

```
                             Cm
I was warm in the hope of your eyes

           G#
So if my words break through the wall
    Bb
To meet you at your door
                        G#                   Bb    Bb4
All I can say is  Girl, I mean them all

      Eb                        Bb/C#
Dear darlin , please excuse my writing
                              Cm
I can t stop my hands from shaking
                             G#
 Cause I m cold and alone tonight

    Eb                              Bb/C#
I miss you and nothing hurts like no you
                              Cm
And no one understands what we went through
                        G#
It was short, it was sweet, we tried

We tried
        Bb
Oh I concur
      G#                   Bb   Bb4
These arms are yours to hold

(Eb Bb/C# Cm G#)

    Eb                              Bb/C#
I miss you and nothing hurts like no you
                              Cm
And no one understands what we went through
                        G#
It was short, it was sweet, we tried

We tried
```
