

Hand On Heart
Olly Murs

This has always been my favourite from the album and it s great to hear it as a single!

Hope you enjoy! This is how I play it and hope it s close :)

No Capo

A

Come on, come on,
I m right, I m wrong and when I m wrong I say,

D

We always had the good and bad
And that will never change.

F#m **E**

This is the closest, I ve ever been

D

Oohh yeah,

A

We give, we take,
we mend, we break,
And so the cycle goes,

D

We re doing well, we ve been through hell,
And only heaven knows,

F#m

How far we get to,

E **D**

Thank God I met you though,
And if you don t know,

A

Just put your hand on my heart,
Put your hand on my heart,

D

And I don t have to say it,
And I don t have to fake it,

F#m

Just put your hand on my heart

E

Just put your hand on my heart,

D

And you d know,

A

Come on, come on
Cause you re the one that I want for myself

D

The strength you give, I wanna live,
Inside our little shell,

F#m

Nothing comes close to,

E **D**

Nothings supposed to, yeah,

Bm **A** **E**

You have your doubts the same way I do,

Bm **A** **E**

When you re wrapped safe in my love that s the truth.

A

Just put your hand on my heart,

Put your hand on my heart,

D

And I don t have to say it,

And I don t have to fake it,

F#m

Just put your hand on my heart

E

Just put your hand on my heart,

D

And you d know,

A

When you don t feel that your strong enough to make it,

D

When life treats you hard and don t think you can take it,

F#m **E**

When you don t know where you stand, you re close to breaking,

D

Just put your hand on my heart,

Put your hand on my heart

A

Just put your hand on my heart,

Put your hand on my heart,

D

And I don t have to say it,

And I don t have to fake it,

F#m

Just put your hand on my heart

E

Just put your hand on my heart,

D

And you d know,

A

Just put your hand on my heart,

Put your hand on my heart,

F#m

And I don't have to say it,

And I don't have to fake it,

D

Just put your hand on my heart

Just put your hand on my heart.

A

And you'd know.
