

Right Place Right Time  
Olly Murs

**G#m** **E** **B** **F#**  
We got our eyes wide open, feeling like we re almost there.  
**G#m** **E** **B** **F#**  
Words unspoken disappearing in the air  
**G#m** **E**  
All I see is you and I  
**B** **F#** **G#m** **E** **B**  
You're the only lifeline that I need tonight  
**F#**  
I m letting go.

**B** **C#m**  
So this is what it feels like  
**E**  
Being at the right place the right time  
**B** **C#m**  
I m hanging on for dear life  
**E**  
Hoping we can make this a long night  
**B** **C#m** **E**  
This is why we came yeah I can feel it in my veins  
**B** **C#m**  
So this is what it feels like  
**E**  
Right place the right time

**G#m** **E** **B** **F#**  
Loud explosions only you and I can hear  
**G#m** **E** **B** **F#**  
Doors fly open, you're the cure for all my fears  
**G#m** **E**  
And all I see is you and I  
**B** **F#** **G#m** **E** **B**  
You're the only lifeline that I need tonight  
**F#**  
I m letting go.

Right here and now feels like forever, forever, forever, forever, forever
