This Song Is About You Olly Murs G# This is my confessional Pen and paper round gonna write this down Saying things you never thought That were on my mind Let the truth pour out CmCause I m tired of the games Eb I won t lie, no I m not ok! You were wrong you re to blame Now the world knows your name Cm G# So here you go Вb G# You re finally getting a song about you on the ra-dio Are you happy now that you broke me down! Now I curse the day that I met you I hope you know this song is about you This was no mistake, yes I meant to Bb I hope you know this song is about you, about you! Cm G# Eb This song is about you, yeah! CmSeems I m feeling better now Вb I like the way your head s lifting off my chest Should ve done this months ago If I knew back then it would feel like this

Bb

Eb

```
I won t lie, no I m not ok
You were wrong, you re to blame
Now the world knows your name!
   Cm
            G#
So here you go
                          Вb
                                                       G#
You re finally getting a song about you on the ra-dio
Are you happy now that you broke me down!
Now I curse the day that I met you
I hope you know this song is about you
This was no mistake, yes I meant to
            Eb
I hope you know this song is about you
         G#
When you hear this play
                                        G#
            \mathbf{E}\mathbf{b}
                      Bb
                                                     Cm
I hope you feel the same way that I felt that day
That you let me, yeah you left me
This is my confessional
Pen and paper round gonna write this down
  Cm
            G#
So here you go
                          Вb
                                                       G#
You re finally getting a song about you on the ra-dio
                             {\tt Bb}
Are you happy now that you broke me down!
Now I curse the day that I met you
I hope you know this song is about you
This was no mistake, yes I meant to
                                      Bb
I hope you know this song is about you,
About you, about you, about you!
                   Cm
This song is about you
               Bb
This song is about you, yeah
                      Eb
               Cm
```

This song is about you
Bb G#
This song is about you, oh!
