Hearing Voices Once Monsters

G

```
Hello! This is my first ever tab, so go easy on me! :p
I tried to follow the Chords from their acoustic Lyric Video, it was hard at
points since the Lyrics covered
up his Chords, and I m not very good by ear.
I ve tried my best on this one, I may have to go over it a few times! Tell me in
the comments if I ve done
something wrong, I feel like the verses and chorus s are correct, but the bridge
may be off in some places
(as I said I went by the chord fingerings, and by memory of those chord
fingerings, so I might be wrong)
I hope you enjoy this tab! This is a amazing song.
Enjoy.

[Verse]
There are days when I feel on top of the world
And days when I'm not myself at all
There's a man in my head he talks to me
He's telling me lies that I believe
[Pre Chorus]
And his voice is the thunder
And I keep falling under
I'm not who I wish to be
Now I just want to break down
But I won't say it out loud
Bm
So how do I make you see?
[Chorus]
I keep on hearing voices
They're questioning my choices
Bm
I lay awake I can't sleep, no
```

```
The cycles I try to break them
But I just can't seem to shake them
Guess I'm stuck in this routine
When I hear the voices say
You're not good enough
You should give up
You'll never find love
When I hear the voices,
I hear the voices say
[Verse]
I still hold on to hope so hopelessly
But don't see the love surrounding me
There's a light on the hill I try to reach
But every time the climbs too steep
[Pre Chorus]
And his voice like the thunder
Keeps me falling under
I'm not who I wish to be
Now I just want to breakdown
But I won't say it out loud
So how do I make you see
[Chorus]
I keep on hearing voices
They're questioning my choices
Bm
```

(hearing voices)

```
I lay awake I can't sleep, no
(hearing voices)
The cycles I try to break them
But I just can't seem to shake them
Guess I'm stuck in this routine
When I hear the voices say
You're not good enough
You should give up
You'll never find love
When I hear the voices,
I hear the voices say
