

Half a Heart
One Direction

C **G**
So your friends been telling me
Am
You ve been sleeping with my sweater
F
And that you can t stop missing me
C **G**
Bet my friends been telling you
Am
I m not doing much better
F
Because I m missing half of me

Am
And being here without you
G
It s like I m waking up to

C
Only half a blue sky
G
Kinda there but not quite
Am **F**
I m walking round with just one shoe

I m a half a heart without you
C
I m half the man, at best
G
With half an arrow in my chest
Am **F**
I miss everything we do

I m a half a heart without you

C **G**
Forget all we said that night
Am
No it doesn t even matter
F
Cause we both got split in two
C **G**
If you could spare an hour or so
Am
We ll go for the lunch down by the river
F
We could really talk it through

Am

And being here without you

G

It s like I m waking up to

C

Only half a blue sky

G

Kinda there but not quite

Am

F

I m walking round with just one shoe

I m a half a heart without you

C

I m half the man, at best

G

With half an arrow in my chest

Am

F

Cause I miss everything we do

C

I m a half a heart without you

G

Am

Half a heart without you

F

I m a half a heart without you

C

F

Though I try to get you out of my head

Am

The truth is I got lost without you

F

And since then I ve been waking up to

C

Only half a blue sky

G

Kinda there but not quite

Am

F

I m walking round with just one shoe

I m a half a heart without you

C

I m half the man, at best

G

With half an arrow in my chest

Am

F

Cause I miss everything we do

C

I m a half a heart without you

Without you, without you

G

Half a heart without you

Am

Without you, without you

F

I m half a heart without you

C
