

**Loved You First**  
**One Direction**

[Verse 1]

**D**

Girl, it should be me

**A**

Driving to your house

**G**

Knocking on your door

**D**

And kissing you on the mouth

**A**

**D**

Holding on your hand

**A**

Dancing in the dark

**G**

Cause I was the only one

**D**

**A**

Who loved you from the start

[Pre-Chorus]

**D**

**A**

But now when I see you with him it

**G**

**A**

Tears my world apart

**G** (mute)

Because

[Chorus]

**D**

I've been waiting

**G**

**Em**

All this time to finally say it

**Em**

**G**

But now I see your hearts been taken

**A**

**G Em**

And nothing could be worse

**D**

Baby, I loved you first.

**D**

Had my chances

**G**

**Em**

Could've been where he is standing

**Em**

That's what hurts the most,

**G**

Girl, I came so close

**A**

**G Em**

But now you'll never know

**D**  
Baby, I loved you first

[Verse 2]

**D**  
Girl, it should be me

**A**  
Calling on your phone

**G**  
Saying youre the one

**D** **A**  
And that Ill never let you go

**D**  
I never understood

**A**  
What love was really like, but

**G**  
I felt it for the first time

**D** **A**  
Looking in your eyes

[Pre-Chorus]

**D** **A**  
But now when I see you with him

**G** **A**  
My whole world falls apart

**G** (mute)  
Because

[Chorus]

**D**  
Ive been waiting

**G** **Em**  
All this time to finally say it

**Em** **G**  
But now I see your hearts been taken

**A** **G** **Em**  
And nothing could be worse

**D**  
Baby, I loved you first.

**D**  
Had my chances

**G** **Em**  
Couldve been where he is standing

**Em**  
Thats what hurts the most,

**G**  
Girl, I came so close

**A** **G** **Em**  
But now youll never know

**D**  
Baby, I loved you first

[Bridge]

**D**

The first touch

**G**

The first kiss

**A** **Em**

First girl to make me feel like this

**D**

Heartbreak

**G**

Its killing me

**A** **Em**

I loved you first, why cant you see?

**D**

Ive been waiting

**G** **Em**

All this time to finally say it

[Pre-Chorus]

**Em** **G**

But now I see your hearts been taken

**A** **G** **Em**

And nothing could be worse

**G**

Baby, I loved you first.

[Chorus]

**D**

Had my chances

**G** **Em**

Couldve been where he is standing

**Em**

Thats what hurts the most,

**G**

Girl, I came so close

**A** **G** **Em**

But now youll never know

[Outro]

**D**

Baby, I loved you first

**D**

Baby, I loved you first

**D** **G**

Baby, I loved you first

**Em**

Oh, yeah

**D**

Baby, I loved you first
