D  
Shut the door turn the light off

A  
I wanna be with you

I wanna feel your love

Bm  
I wanna lay beside you

G  
I cannot hide this even though I try

D  
Heart beats harder

Time escapes me

A  
Trembling hands touch skin

Bm  
It makes this harder

G  
And the tears stream down my face

Bm A D G  
If we could only have this life for one more day

Bm A G  
If we could only turn back time

D  
You know I ll be

A  
Your life, your voice your reason to be

My love, my heart

Bm  
Is breathing for this

Moment in time

G  
I ll find the words to say

Before you leave me today

D  
Close the door

Throw the key

A  
Don t wanna be reminded

Don t wanna be seen

Bm  
Don t wanna be without you

My judgement is clouded

G  
Like the night sky

D  
Undecided

Voice is numb

A  
Try to scream out my lungs

Bm  
But it makes this harder

G  
And the tears stream down my face

Bm A D G  
If we could only have this life for one more day

Bm A G  
If we could only turn back time

D  
You know I ll be

A  
Your life, your voice your reason to be

My love, my heart

Bm  
Is breathing for this

Moment in time

G  
I ll find the words to say

Before you leave me today

Bm A  
Flashes left in my mind

G  
Going back to the time

Playing games in the street

D Bm  
Kicking balls with my feet

A  
Dancing on with my toes

G  
Standing close to the edge

D Bm  
There s a pile of my clothes at the end of your bed

A  
As I feel myself fall

D  
Make a joke of it all

D  
You know I ll be

A  
Your life, your voice your reason to be

My love, my heart

Bm  
Is breathing for this

Moment in time

G  
I ll find the words to say

Before you leave me today
