

## Hearing Voices OneRepublic

Another great song by Onerepublic....Surprised no one tabbed it yet...There are just simple chords throughout the song.... Listen to the song for the strumming pattern...

**C**

Start

**Am**

I m gonna start with this

**Em**

**F**

Just a single thought followed by words

**C**

**Am**

I hope I don t miss, miss anything.....

Prechorus:

**Am**

**F**

I suppose I could sing, write a song to share the meaning

**Am**

Of the love for you I m feeling

**F**

People saying what they will...

**F**

I don t care.

Chorus: Just repeat the chords in the verse....same chord progression... But

2nd Verse : Similar to the first verse....

Bridge :

**Am**

**C**

**F**

Come here, there s something I should tell you

**Am**

**C**

Darling, don t fear

**F**

Cause I m going, going away

Then the the chorus again....

There you have it....Hearing Voices...

Chowzz...
