

**Ending Credits**

**Opeth**

Since there are so many tabs on how to play the solo here is the chords as I hear  
you are welcome to correct them.

[Intro/Verse]

**Em - Am - Dbdim - Em** (repeat)

[Chorus]

**C - Bm - Em - C - Am - Em**

**Em7 - Em**

Then just use your ears to listen where to place the chords. Hope it was helpful. It s  
fun to jam on.
