

## Never Leave Me Again

Opshop

I love this song and wondered why it wasn't up here so I decided I would take on the job. This is my first Chords page and I transcribed by ear so it's not 100% accurate, but enjoy!

(Intro) C x2

(Verse 1)

C Am7 F  
What would you say if I told you  
Csus C  
that I couldn't feel a thing,  
Am7 F  
What would you say if I told you  
Csus C  
what you didn't mean to me.

(Chorus)

Am F  
Would you lie through your teeth  
C G  
Talk to me sweetly  
Am F  
Give up everything  
C G  
Till I believe  
Am F  
Oh I would lie to your face  
C G  
Just like some fantasy  
Am F C  
Where I... I make up everything so you'll never leave me again  
Am F C G  
You'll never leave me again  
Am F C G  
you'll never leave me

(Verse 2)

What would you say if I'm lying here  
being with someone else,  
What would you say if I told you  
I'm more or less just trying to be myself

(Verse 3)

Would you lie through your teeth
