

Never Leave Me Again

Opshop

I love this song and wondered why it wasn't up here so I decided I would take on the job. This is my first Chords page and I transcribed by ear so It's not 100% accurate, but enjoy!

(Intro) **E** x2

(Verse 1)

E **C#m7** **A**
What would you say if I told you
 Esus **E**
that I couldn't feel a thing,
 C#m7 **A**
What would you say if I told you
 Esus **E**
what you didn't mean to me.

(Chorus)

C#m **A**
Would you lie through your teeth
E **B**
Talk to me sweetly
C#m **A**
Give up everything
E **B**
Till I believe
 C#m **A**
Oh I would lie to your face
E **B**
Just like some fantasy
 C#m **A** **E**
Where I... I make up everything so you'll never leave me again
C#m A E **B**
 You'll never leave me again
C#m A E **B**
 you'll never leave me

(Verse 2)

What would you say if I'm lying here
being with someone else,
What would you say if I told you
I'm more or less just trying to be myself

(Verse 3)

Would you lie through your teeth
