

Never Leave Me Again

Opshop

I love this song and wondered why it wasn't up here so I decided I would take on the job. This is my first Chords page and I transcribed by ear so it's not 100% accurate, but enjoy!

(Intro) **E** x2

(Verse 1)

E **C#m7** **A**
What would you say if I told you
 Esus **E**
that I couldn't feel a thing,
 C#m7 **A**
What would you say if I told you
 Esus **E**
what you didn't mean to me.

(Chorus)

C#m **A**
Would you lie through your teeth
E **B**
Talk to me sweetly
C#m **A**
Give up everything
E **B**
Till I believe
 C#m **A**
Oh I would lie to your face
E **B**
Just like some fantasy
 C#m **A** **E**
Where I... I make up everything so you'll never leave me again
C#m A E **B**
 You'll never leave me again
C#m A E **B**
 you'll never leave me

(Verse 2)

What would you say if I'm lying here
being with someone else,
What would you say if I told you
I'm more or less just trying to be myself

(Verse 3)

Would you lie through your teeth

Talk to me sweetly
Give up everything
Till I believe
Oh I would lie to your face
Just like some fantasy
Where I... I make up everything so you ll never leave me again
You ll never leave me again
you ll never leave me

(same chorus)

never again, never again, never again
never again, never again, never again
never again, never again, never again

E **C#m7** **A**
What would you say if I told you
 E.
that I couldn t feel a thing

(chorus)

Would you lie through your teeth
Talk to me sweetly
Give up everything
Till I believe
Oh I would lie to your face
Just like some fantasy
Where I... I make up everything so you ll never leave me again
You ll never leave me again
you ll never leave me again
You ll never leave me again
You ll never leave me again
