

Walking On The Milky Way
Orchestral Manoeuvres in the Dark (OMD)

Capo 1:st fret - Chords relative to capo

I did this tab because it was impossible to find, although it s a great song!
I think it sounds best if you play it like this:

D = 557775 **Bm** = 224432

A = 577655 **F#m** = 244222

G = 355433

But of course you can play D, A and G the regular way as well.
You like it, don t like it? Comment...

Good luck, have fun!
