Orianthi

A

When the light shines down and hits my face

D

Wonâ€™t feel your love that s in this place

Bm **A**
And if youâ€™re just like me, then youâ€™re searching for something

A

Iâ€™ve been on this road and I need a friend

D

Iâ€™ve almost come, to the very end

Bm **A**
If youâ€™re just like me, youâ€™re still looking for something

A

So if you think that you know me,

Bm
Put your hands up and show me

D **A**
So I donâ€™t feel so alone babe, while I sing my song

A
So if you think that you know me

Bm
Put your hands up and show me

D **A**
So I donâ€™t feel so alone babe, while I sing my song

Have you ever felt like, you donâ€™t fit in

D
Like thereâ€™s somebody else inside your skin

Bm **A**
Well youâ€™re not alone, we all came here for something

A
Know when youâ€™re standing alone, caught in a trap

D
Youâ€™re caught in rock and roll on a dance and vibe

Bm **A**
You say thereâ€™s so many times and when we all go home tonight

A
I think that you know me,

Bm
Put your hands up and show me

D **A**
So I donâ€™t feel so alone babe, while I sing my song

A
So if you think that you know me

Bm

Put your hands up and show me
