

Devil On My Shoulder
Orla Gartland

(Standard tuning, no capo!)

This song is fingerpicked using the chords below. You can simply strum the chords,
or use whichever fingers you like to hit the strings - I use my thumb for hitting
bass notes, and my index & middle finger for plucking higher strings!

how can I believe in what I have?

F **G** **Am** -

for a little confidence I'll grab

but when my hand goes out don't take it

G

for I'm trying to make it

C/G

on my own
