Orthodox Celts - Green Roses

G **C**
At the crack of the dawn thunder and lightning crossed the way
Am **Em** **C** **D**
The shadow of night waited to see the bright light of the day
G **C**
Nobody saw his bitter tears through the dark veil of rain
Am **Em** **C** **D**
The river of blood under his feet run wild again and again

Refrain: (2x)

G **C**
The green roses will grow
Am **D**
While green fields turn to red
Em **C**
Only memory remains
Am **D**
Of hero and his faith

G **C**
He just stood and he stared with a sword in his hand
Am **Em** **C** **D**
Under the bridge of rainbow s gold he fought for his land
G **C**
The black crow stole his destiny and flew from the cross
Am **Em** **C** **D**
Flyin high, goin so far to take his soul away.
