Solitary motion, in the wake of an avalanche			
Deer in the headlights, there goes a weaker one			
He s listenin in the fast gaze, I don t care now to see the way			
Do you hear the silence? I was far too late

 Oh living for the city, and it s always troubling  
 to keep it in the hot lane, I don t care about no scenery

 and you run from it then, now you can t escape, cause it s all you see

 But we re all just an end to a simple thing, and it s all you see, and it s all

<b>Cm Bb</b>	<b>Gm</b>	<b>G#</b>
	We re just tamer animals	
<b>Cm Bb</b>	<b>Gm</b>	<b>G#</b>
	We re just tamer animals	

Solitary motion, in the wake of an avalanche  
We took a hit then, trying to see if you hold it in  
and you run from it then, now you can't escape, cause it's all you see  
But we're all just an end to a simple thing, and it's all you see, and it's all  
you see

```
We re just tamer animals
We re just tamer animals
We re just tamer animals
