

Innocent
Our Lady Peace

Song: Innocent
Band: Our Lady Peace
Album: Gravity
Tabbed by Adam Bragg (adamas33@hotmail.com)

NOTE: This song like just about every OLP song is tuned down 1/2 a step, so the tuning goes as follows: Eb-Ab-Db-Gb-Bb-Eb. Parts of the song may be played using bar or power chords...i like playing stuff on my acoustic, so i use mostly open chords because they sound better.

Dsus **A/D***
Oh, Johnny wishes he was famous
G
Spends his time alone in the basement
B5
With a Lennon and Cobain and
A/D* **Dsus**
A guitar and a stereo
A/D*
And while he wishes he could escape this
G
But it all seems so contagious
B5
Not to be yourself and faceless
A/D* **G**
In a song that has no soul
A/D*
I remember feeling low
G
I remember losing hope
B5 **A/D***
And I remember all the feelings and the day they stopped
