

**I Wonder Why
Outi And Lee**

Throughout the song:

Gm Bb F C with CAPO on the 8th fret.

I wonder, why the grass still grows
I wonder, why the water still flows.
I wonder, why the sun still shines on us.
I wonder, why the trees still stand.
I wonder bout the beauty of this land.
I wonder, why the sun still shines on us.

We haven t been taking care,
Only destroying!

I wonder, why the rain still falls.
I wonder, why the whale still calls.
I wonder, why the sun still shines on us.
But I don t wonder only bout the trees,
I also wonder bout you and me.
I wonder, why the sun still shines on us.

Bbadd9 C Gm Gm

[interlude]

I wonder, why there is still Love.
I wonder, is there Something above?
I wonder, is there more than us?

I wanna start taking care
And praying!

Bbadd9 C Gm Gm

[interlude]
