

Prototype

OutKast

These are the Chords for Prototype- Andre 3000, my first go at submitting this stuff so any corrections are welcomed, I hope this helps:)

Dmaj7 **Amaj7**
I hope that you re the one

Fmaj7 **Amaj7**
If not, you are the prototype

Dmaj7 **Amaj7**
We ll tiptoe to the sun

Fmaj7 **Amaj7**
And do things I know you like

So yeah those are the chords throughout the rest of the song, So if you play it in the same pattern over these lyrics, it should sound okay.
