**G**            **Em**                            **C**            **D**  
We parted company at the railway track  
**G**    **Em**            **C**                            **D**  
I had a chance for feeling sorry, or never looking back  
**C**                            **D**                            **G**                            **C**  
I got on that train I must confess I shed a tear  
**C**    **D**                            **G**  
She stayed in the tropics for the rest of the year

VERSE 2

It was October, but by then I had my doubts  
we once had something but by then I wanted out  
we stayed with a friend that I had always held quite dear  
She loved him in the tropics for the rest of the year

CHORUS

I lost my lover, but I ll get over that  
to find another, where s the sense in that?  
I got on that train I must confess I shed a tear  
but she stayed in the tropics for the rest of the year
