

## Winnipeg Waltz

Owen Temple

**Bm**

Two frozen rivers, with ice like boulders

**D**

Cracking past Portage and Maine

**Bm**

Dark downtown buildings, one glowing tavern

**D**

Are breaking loose from winter's chains

CHO

**A** **G** **D**

The winter wind whistling, the outside air

**A** **G** **D**

And inside it's like we found summer somewhere

**A** **G** **D**

My car is all rusted, from roadcrew salt

**Bm** **A** **D** **Bm** **A** **D**

And doing the Winnipeg waltz

**Bm**

Railroads and water, Assiniboine and red

**D**

The reasons why we're here

**Bm**

The continent's center, the middle of it all

**D**

Hangin' out and drinkin' beer

CHO

**A** **G** **D**

It's too cold to snow now but we don't care

**A** **G** **D**

And inside it's like we found summer somewhere

**A** **G** **D**

My car is all rusted from roadcrew salt

**Bm** **A** **D** **Bm** **A** **D**

And doin' the Winnipeg waltz

**Bm**

I love you more in the frozen winter

**D**

I think about you beneath your clothes

**Bm**

Lets have one more drink in this crowded tavern

**D**

I ll kiss your chilly lips and your frozen nose

CHO
