Splashdown in the silver screen

Wonder stole my breath away

Shy sonata for Mercury

The stars always sing so pretty

 This picnic will soon depart

 But I d rather be alone
A **Bm** **G**
 Cause I couldn t live without

 The sunsets that dazzle in the dusk

Apple, raspberry, river blue

In the sound I ll gladly drown
C **G**
Into the emerald underground

And I rub my eyes cause it s hard to see

Surrounded by all this beauty
