Verse 1

D **F#m**
There I was again tonight forcing laughter, faking smiles
G **D**
Same old tired, lonely place
D
Walls of insincerity
F#m
Shifting eyes and vacancy
G **D**
vanished when I saw your face

G **Bm** **A**
All I can say is it was enchanting to meet you

D
Your eyes whispered have we met?
F#m **G** **D**
Across the room your silhouette starts to make its way to me
D
The playful conversation starts
F#m
Counter all your quick remarks
G **D**
like passing notes in secrecy

All I can say is it was enchanting to meet you
