I ll dissolve when the rain pours in

VERSE 2

 Dizzy love turned a star lily pink
 And hung above our lids too flushed to blink
 But icy blue froze the fairytale cold
 Though I treasured you and you sparkled with someone to hold 

PRE CHORUS

I sang my princess fast asleep
Cause she was my dream come true
Oh Annmarie, believe me, I loved you
But now those lonely lullabies
Just dampen my tired eyes
Because I can't forget you
Because I can't forget you

CHORUS

I'll dissolve when the rain pours in
When the nightmares take me
I will scream with the howling wind
Cause it's a bitter world and I'd rather dream

I'll dissolve when the rain pours in
When the nightmares take me
I will scream with the howling wind
Cause it's a bitter world and I'd rather dream
And I'd rather dream

Thanks guys! I love this song and couldn't resist to share these with you! I think I got all the chords right! The version I listened to is tuned down a quarter of a step from D, which doesn't sound good when playing along. Haha but it's Adam Young! Come on! Hope it's a useful tab! This is my first tab and I don't know how to line up the chords over top of the right words. If you have any idea let me know!
