F Bb  
Light years will burn

Eb Ab  
fore i return

I left it all behind  
with no concern

For things back then can t be again  
Forever trapped in time that never bends

Db Eb Ab  
She waits for signals i might send

Db Eb Ab  
But they don t come so she pretends

Db Eb F Bb Db Eb  
I ran away but i ll be back yesterday

F  
No turning back

Bb Eb Bb  
Once you re lost you never will be found

No gravity  
Never get my feet back on the ground

Love and escape do not compute  
I see the photograph before you shoot

I m standing still but still i m spinning  
This journey ends at the beginning  
It seals my fate in the great figure eight

No turning back  
Once you re lost you never will be found  
No gravity

Never get my feet back on the ground  
No turning back  
Once you re lost you never can be found  
No gravity  
Never get my feet back on good ground
