

Gets Me Through Live Intro

Ozzy Osbourne

Ok its a little different to the normal versions because of the harmonics etc 3*
= harmonic pinch

```
-----2222-----22-----2222-----22-----02-  
-----2222-----22-----2222-----22---02-----  
-----0000---3*---000-3*--0000---3*-000-----
```

and it just repeats kind of like that put in the occasional pinch the B string
when you feel the need

its my first tab so its probably not the best but its how i play it and it
sounds pretty good

cheers
