```
      C#                    G#
Now I don t know if I m lost
         F#                 C#
But this all just looks the same
                     G#
I am pushing on the door
            F#        C#
Between sorrow and fame
```

(It s literally the same thing the whole song)

I would crawl out of this hole
If it wasn t so cold
In the morning, I ll be fine
In the morning, I ll be right

Chorus:
If I go all the way
Then the girl won t stay
No the girl won t stay
I know I can change
If we both get old
Will you let me float away?

I don t want to be young
But I don t want to die
I can whisper in the wind
We can smoke out every night

I don t want to live alone
I don t want to stay inside
I can learn from my mistakes
In the morning I ll be right

Chorus:
If I go all the way
Then the girl won t stay
No the girl won t stay
I know I can change
If we both get old
Will you let me float away?
