

California Girl
Pacific Dub

Not 100% sure this is how it goes, but this is my best guess. I use bar chords for the majority of the song.

A **D**
I got a little girl you know that she s all mine
E **D**
I got a little girl I can t keep her off my mind
A **D** **E** **D**
I got this little chick you know that she s just right for me
A **D**
When I wake up every morning and she s by my side
E **D**
When I fall asleep at night I can t help but staring in her eyes
A **D** **E** **D** **E**
She s that type of girl that all them girlies they want to be

Everything she does and all of everything she says just right
My green eyed slice of heaven got to keep her by my side
She s my little crazy one and everything that I wish I could be
When I hold her in my arms I know that nothing could go wrong
When she s holding on my hand she s really holding on my heart
She knows that I know that she s the only one that I can see

A **D** **E** **D**
She s the only one that I know that can make me feel like this
A **D** **E** **D**
And when she s not around you know her smile and her eyes I truly miss
A **D** **E**
Yeah she s everything, she s everything in me
A **D** **E** **D** **E**
Yeah she s all that I want and she s all that I could ever need

MyCalifornia.... girl you know she s like that sweet sunshine
Like laying in the sand she s got that peace I want to find
My gorgeous little girl she helps to see the good in me
She s my smile when I get sad, my lonely face when I am lost
My sweet and perfect kiss, my happiness when I am not
She s got that type of loving in her soul she only lets me see

And everything that I am is all because of her
When she s holding onto me you know that I am truly sure

She s the only one that I know that can make me feel like this
And when she s not around you know her smile and her eyes I truly miss
Yeah she s everything, she s everything in me
Yeah she s all that I want and she s all that I could ever need
