LYRICS:
=====

Come back sister now as fast as you can
Well you know that i m not as bad as they say I am
No fiend or foul, just the name of the game
Well they all left just the way they came
Well I m sure not feelin tough
And I m sure not feelin tall
Well I m sure that you are not feeling me at all
You know I could be right cos I m not sure that I am wrong
But I thought that time was meant for more than just getting along
So lets not just get along now
Lets get along in style
Cos you know that i m pretty sure that this is more worthwhile

I think it s time we gave this thing the hard-sell
Cos love was meant to live and not merely just to dwell
Not just to dwell
I wanna hold your hand
Start workin on our promised land
Well I don t think you understand
But this time we did some
Work on our promised land
Well tonight I wanna be that line
Yeah the one that I just told you
And tonight i wanna be that story
Yeah the one that I just sold you
Lets take it to the land of fantasy where all things are real
Where the enemy s not a ghost
But one you can touch and feel
No the chains they are not metal
No there only made of steel
Where the magic s elemental and the right words can heal
Lets become that dignity
Become that grace
It s time to light your candle in a dark and lonely place
Well in a dark and lonely place
Well i m not sure if you understand
But this time we did some
Work on our promised land
I wanna hold your hand
Start workin on our promised land
Well I don t think you understand
But this time we did some
Work on our promised land
Come back sister now as fast as you can
Well you know that i m not as bad as they say I am
No fiend or foul, just the name of the game
Well they all left just the way they came
I wanna hold your hand
Start workin on our promised land
Well I don t think you understand
But this time we did some
Work on our promised land
I wanna hold your hand
Start workin on our promised land
Well I m not sure you understand
But this time we did some
Work on our promised land
