Paleo recorded a song every day for a whole year. Hear them at his website <http://www.paleo.ws/>

capo 8

G **C** **G**
the morning of the flood, it was the morning linda died
G **C** **G**
while i was busy cutting diamonds with the corners of my life
G **C** **G**
we drew a full house on the river it was erased before our eyes
G **C** **G**
we know although things last forever they must change their shape sometimes

G **C** **G**
i am safe & i am sorry in the evergreens at night
G **C** **G**
& i am looking through your window i am staring at your mind
Am **G**
when linda dies and linda dies and linda dies

G **C** **G**
it seems to me forever i ve been waiting in this tree
G **C** **G**
& so i go now by goliath i m my favorite enemy
G **C** **G**
we are careless with our wishing with the truths we tell through teeth
G **C** **G**
you be careful what you pay for when the soul is your receipt
G **C** **G**
they are boarding up the phone; they are boarding up their eyes
G **C** **G**
you will board open your hands; i will board the kites of time
G **C** **G**
deliver me tomorrow care of sleep, my moving boat,
G **C** **G**
but it can take me only so far, only so far yet to go
Am **G**
when linda dies and linda dies and linda dies

G **C** **G**
we have cut through most of georgia, not 200 miles to go
G **C** **G**
we are all buried in the jordan turns our spirits white like snow
G **C** **G**

there is a door within its palm it will not hit us where we go

*note

He adds a note to the G chord each time, like this:

(d is down strum, u is up)

```
  d  d u  u d u
