When Youre Gone Paloma Faith

```
F
When I m with you my heart sings
of a joy and everything washes
over me and cleans me til I m
Вb
shining
For your touch there are no words
I fly with high hopes in the birds
And I know there s nothing better cause I m
Вb
smiling
Вb
Everyone I ve ever loved has
left me lonely
Every time I let it go
I m high and dry
Вb
Every time I think
I {\tt m} one and only
Dm
I find myself alone not knowing
С
why
All the mystery and the magic
You light up what once was tragic
And I know that I will miss you
when you re gone
I could never have imagined
All the heavens pour with passion
Dm
```

```
But I know that I will miss you
Вb
when you re gone
You tell me that you are different
I ll be saved and I ll be lifted
It s not easy but I m trying
to believe you
All the angels lost their halos
I have no choice but to let go
Dm
There are times when I feel paper thin and
see-through
Вb
Everyone I ve ever loved has
left me lonely
Every time I let it go
I m high and dry
Every time I think
I m one and only

C
