Dm F Bb
This town just wasn't made for two

Dm F Bb
But when the streets they call my name, what can I do?

Dm F Bb
There's a place I'd like to visit there someday

Dm F Bb
And if you decline my invitation, what can I say?

Dm Bb
What can I say?

Dm Bb
What can I say?

Dm F Bb
When the corner light is dimmed upon the street

Dm F Bb
And all the faces looked confused on those you meet

Dm F Bb
Tell your friends that I'll be dead when you read this

Dm F Bb
Tell them I couldn't take the pain of loneliness

Dm Bb
Of loneliness

Dm Bb
Of loneliness

Bb C Dm
I am feeling low

F C Bb C Dm F C
And I'm singing in my sleep when you're around, will you comfort me?

Bb C Dm
I'll dream of you

F C Bb C Dm
And the smile that you give, to me

Bb
You give to me

Dm Bb Dm Bb

You give to me

Then the chords are the same.

It s the same thing everyday
Because we run out of things to say
If you re gone and me not here
It kind of sheads a diffrent light on the whole year
On the whole year
On the whole year

I am feeling low
And I m singing in my sleep when you re around, will you comfort me?
I ll dream of you
And the smile that you give, to me
You give to me
You give to me
You give to me
