

Pas De Cheval
Panic! At the Disco

Ok, so I should start out by saying that if you don't have a capo, play it on standard
but if you do, then I like it when it's on the 1st fret, this is optional though. Also
that the solo is not included, and that this is the simplified version, still very cool... :)

Verse 1:

E **B**
Oh little did she know

A
Couldn't let me go

E
Already a part of her

E **B**
So often do I need

A
People in between

E
That just can't get a hold of it

B
So we'll just sing it for them

(**B**) **A**
Ahhhh

E
So we'll just sing it for them

B
So we'll just sing it for them

(**B**) **A**
Ahhhh

(CHORUS:)

E **Dsus2** **A**
It's the greatest thing yet to happen

A F#m E
Imagine knowing me

E Dsus2 A
It s the greatest thing yet to happen

A E
But you ll never know until you re there

A E
But you ll never know until you re there

VERSE 2:

E B
Slow leave walking to the world

A
Give your feet a chance

E
They ll do all the thinking

E B
Toast, high until they find

A
Less pathetic wine

E
Until they get a better blend

CHORUS:

E Dsus2 A
It s the greatest thing yet to happen

A F#m E
Imagine knowing me

E Dsus2 A
It s the greatest thing yet to happen

A E
But you ll never know until you re there

A E
But you ll never know until you re there

(There is a solo, I just play a verse then chorus repeats)
