Panic! At the Disco

(I just used simple G A D Bm chords all the way :p
I m not sure about this yet, but since there is no chord about this song,
maybe it helps :)

[Intro]

G A D Bm

[Verse]

G **A** **D** **Bm** **A**
Placing a smile at the perfect event,
D **Bm**
Gracing your skin with the side of my hand,
G **A**
If I ever leave, I could learn to miss you,
D **Bm**
But sentimental boy as my nom de plume.
G **A** **D** **Bm**
Let me save you, hold this rope.

[Chorus]

G **A** **D** **Bm**
I may never sleep tonight,
G **A** **D** **Bm**
As long as you re still burning bright,
G **A**
If I could trade mistakes for sheep,
D **Bm**
Count me away before you sleep,
G **A**
I ll still wait til I trade my mistakes
D **Bm**
So they fade away.

[Instrumental]

G A D Bm

[Verse]

G **A**
I feel marooned in this body,
D **Bm**
Deserted my organs, could go on without me,
G **A**
You can t fly these wings,
D **Bm**
You can t sleep in this box with me,
G **A** **D** **Bm**

Let me save you, hold this rope.

[Chorus]

G A D Bm
I may never sleep tonight,
G A D Bm
As long as you re still burning bright,
G A
If I could trade mistakes for sheep,
D Bm
Count me away before you sleep,
G A
I ll still wait til I trade my mistakes
D Bm
So they fade away.

[Bridge]

F#m G
So let me save you
A D
Hold this rope and I ll pull you in
F#m G
Cause I am an anchor
A D
Save her or feel it sinking in
F#m G A D
Let me save you, hold this rope

(This is only the greatest story ever told)

F#m G A D
I am an anchor, sinking her

(With lightning in my head to be brought to the world)

[Chorus]

G A D Bm
I may never sleep tonight
G A D Bm
As long as you re still burning bright
G A
If I could trade mistakes for sheep,
D Bm
Count me away before you sleep,
G A
I ll still wait til I trade my mistakes
D Bm
So they fade away.
