Arriving at the door

Just to be told that the girl I m missing has been in London for a while

No more northern skies for her

They say she s left a letter up the stair for everyone

It s pinned against her bedroom door for all the world to see and she says

However much I love you, you will always love me more

However much I love you, you will always love me more

And I guess it s true

However much she loves me I will always love her more

La-la-la la la la la

I ll love you more and more, I ll love you more

I ll love you more and more, I ll love you more

I ll love you more and more, I ll love you more

I ll love you more and more, I ll love you more and more and more....
