

**Sugar Man**  
**Paolo Nutini**

One of my favourite covers of all time. I've had the pleasure of seeing both Paolo and Rodriguez perform this live and I think both bring something pretty cool to this epic tune. The only other Paolo Sugar man tab is really for the Rodriguez version, Paolo adds in a few more (though in his recording the guitar is up quite a bit louder than in the original so it's a little easier to hear what's being played) .

Tuning = Standard  
Open Chords (except the **F** and **Bb**)
