

Worried Man  
Paolo Nutini

**Em** **G**  
Oh worries are about, and heavy on his gut  
**Em** **G**  
He feels he s being punished, for the bad things he has done  
**Am** **Em**  
Help him Jesus, help him, send him down a sign  
**Am** **D** **Em**  
cos he feel s he is getting old before his time

**Em** **G**  
And he is sitting at the table, the table he has set  
**Em** **G**  
He is begging for the courage to redeem some self respect  
**Am** **Em**  
Help him Jesus, help him, walk along the line  
**Am** **D** **Em**  
cos he feel s he is getting old before his time

Chorus:

**G** **Em**  
He says it takes a worried man to sing a worried song  
**G** **Em**  
It takes a worried man to sing a worried song  
**G** **Em**  
It takes a worried man to sing a worried song  
**Am** **D** **Em**  
He is worried now but he won t be worried long

He broke her heart on a warm and sunny day  
Oh he broke her heart on a warm and sunny day  
When she heard what he had to say  
All that sun soon went away  
He broke her heart on a cold and windy day

He says it takes a worried man  
To sing a worried song  
It takes a worried man  
To sing a worried song  
It takes a worried man  
To sing a worried song  
He is worried now  
But he won t be worried long

And so he moves towards his sweet redeeming light  
Shadows cast but none obscure his sight  
And they wonder where he is going

While he is knelt before her throat  
Refusing to go down without a fight

He says it takes a worried man  
To sing a worried song  
It takes a worried man  
To sing a worried song  
It takes a worried man  
To sing a worried song  
He is worried now  
But he won t be worried long
