All My Life
Paolo Santos
Tabbed by: John G.
  all my life, without a doubt i give you
             Am
 all my life, now and forever till the day i die
               F#m
                      в7
 you and i will share
 all the things, this changing world can offer
Am7
 so i sing, and i d be happy just to stay this way,
                   F#m
                         в7
 spend each day with you.
CHORUS:
                  в7
                                                     G#m
 there was a time, when i just thought that i would loose my mind
C#7
 you came along and then
                           the sun did shine
в7
 we started on our way
                                            G#m
  i do recall, when every moment spent was wasted time
C#7
                            F#m
 but then i chose to lay it on the line
в7
  i put the past away
 put the past away
  i put the past away
Verse 2:
(Repeat)
all my life, i will carry you through
all my life, between each hour of the passing day
i will saty with you
Chorus:
there was a time, when i just thought that i would loose my mind
you came along and then the sun did shine
we started on our way
i do recall, that every moment spent was wasted time
but then i chose to lay it on the line
в7
