

**Somethins Always Wrong**

**Paolo Santos**

eto pa ng isa sa kap ni vince  
Luv na luv ko talga si anne  
dedicated ito para sa kanya

**F**            **G**    **Em**    **Am**    **G**  
Another day    I call and never speak  
**F**            **G**    **Am**            **G**            **D**  
And you would say nothing s changed at all  
**F**            **G**    **Em**    **Am**            **G**  
And I can t feel    much hope for anything  
**F**            **G**                    **Am**            **G**            **D**  
If I won t be there to catch you if you fall

**F**            **C**  
Again  
                                 **G**  
It seems we meet  
                         **F**            **C**  
In the spaces  
                         **G**  
In between  
                         **F**            **C**  
We always say  
                                 **G**  
It won t be long  
                 **Am**                    **G**            **F**  
But something s always wrong

**F**            **G**    **Em**    **Am**            **G**  
Another game    of putting things aside  
**F**            **G**    **Am**            **G**            **D**  
As if we ll come back to them some time  
**F**            **G**    **Em**    **Am**            **G**  
A brace of hope    a pride of innocence  
**F**            **G**    **Am**            **G**            **D**  
And you would say something has gone wrong

**F**            **C**  
Again  
                                 **G**  
It seems we meet  
                         **F**            **C**  
In the spaces  
                         **G**

In between

**F C**

We always say

**G**

It won't be long

**Am G D**

But something's always wrong

**F G Em Am G**

**F G Am G D**

**F C**

Again

**G**

It seems we meet

**F C**

In the spaces

**G**

In between

**F C**

We always say

**G**

It won't be long

**Am G F**

But something's always wrong

**Am G F**

Something's always wrong

**Am G**

Something's always wrong
